Make STRONG COMMUNITIES

Presbyterians Plan Conference Center

An all-out Campaign to raise \$625,000 for a Campaign Center and Retreat Center near Immokalees has been launched by the 40 Presbyterian Churches making up the Presbytery of the Everglades. Several hundred lay and ministerial church leaders, who are the spearheads of the campaign, have already received their pre-campaign orientations in four separate district dinner meetings.

Attending the district rally at the PGA club house in Palm Beach Gardens were Mr. and Mrs. Jack Whitlock, Mrs. Dean Wilson, and Mrs. J. Paul Vondracek of the Everglades Presbyterian Church in Belle Glade. Mr. Whitlock is chairman of local church Board of Deacons.

A challenge was hurled at those in attendance at each of the four rallies by Dr. Roy B. Connor, Jr., pastor, First Presbyterian Church, Hollywood, and minister, chairman of the campaign, saying, "Physical courage of the 'master spy' and the 'super hero' are the daily diet that our money and T. V. programs offer our teenagers of today. They live in this world of physical courage — not a courage of conviction. Camp Everglades is an answer to these young people who are seeking — spying for

answers — as to their future. What will we be answer to them? I challenge you to give them the opportunity!"

Camp Everglades is located on two hundred acres of range land, studded with rich tropical hammocks 20 miles east of Immokalees. Resident, day, and family camping, with one or more conferences can be accommodated concurrently with the district dinner meetings.

Mr. LeMaster has been a high school director (principal) and religious education teacher in the interior of Angola, Communism in 1952, his first assignment was at Quesada in the north central part of the country, where he became director of the William Taylor Institute, a boys' elementary school and a vocational secondary and teacher-training school. He was also appointed co-director of religious education of the Angola Methodist Conference, sharing his responsibilities with an African pastor.

Nigerian Refugees Receive Food

Two thousand self-exiled Nigerian refugees returning from Dahomey, where they had fled during violence in the Western Region of Nigeria prior to the fall of the Balewa government, have been supplied with food provided through Church World Service.

Responding to an appeal by the Nigerian Red Cross, Church World Service rushed 10,368 pounds of dried milk and 7,500 pounds of bulgar wheat to the Nigerian border village of Idiroko for distribution as the first returning refugees started passing through a center established by the government. In the absence of other facilities, CWS rented commercial trucks to speed the food to this destination.

In addition to providing these supplies, Church World Service has made available, through the Christian Council of Nigeria, funds for local purchase of additional food for the refugees.

CWS staff members made a further distribution of food from Idiroko to various entry points along the Nigerian-Dahomey border through which returning refugees passed. Their Federal government had appealed to this urgently needed assistance in Nigeria, and aid given in other areas of the world, is made possible by One Great Hour of Sharing to be observed the week of March 13-20, Share Our Substance, and similar appeals of the churches.

Rev. E. LeMaster To Speak Friday At Methodist Ch.

The Rev. Edwin LeMaster, superintendent of Boylston-Mather Academy, of Camden, S. C., and a former missionary to Angola, will speak at Community Methodist Church on Friday, February 25, 7:30 P. M.

He is one of four Methodist missionaries to Angola who was deported in 1961 by the Portuguese Government after being accused of "activities subversive to the government." Although no proof of the charges were ever made, Mr. LeMaster and the three other missionaries were imprisoned in Lisbon for 90 days before their deportation.

Mr. LeMaster has been a high school director (principal) and religious education teacher in the interior of Angola. Communism in 1952, his first assignment was at Quesada in the north central part of the country, where he became director of the William Taylor Institute, a boys' elementary school and a vocational secondary and teacher-training school. He was also appointed co-director of religious education of the Angola Methodist Conference, sharing his responsibilities with an African pastor.

Mr. LeMaster, a native of Rush, Ky., spent most of his early life in that state and attended Asbury College and Asbury Theological Seminary in 1947. He was a pastor in the Kentucky Methodist Conference about three years and returned to school in 1950 to do graduate work.

He received a master of arts degree from Butler University, Indianapolis, Ind., in 1951 and spent a year studying in Portugal before going to Angola.

Circle Meets At Carpenter Home

The Antonette Bratley Circle of the Community Methodist Church met at the home of Mrs. Milton Carpenter, Tuesday morning with Mrs. Lee Cranford, Chairman, presiding.

Mrs. Robert Hooker requested teachers to attend meetings with the Methodist Literature Consultant.

The devotional period was directed by Mrs. John Dulany with members of the circle participating in a prayer cell for the coming "Spiritual Life" meeting, March 20-25th.

Mrs. William Dean was welcomed as a new member.

Dulany Home Was Scene Of Sing-spiration

Mr. and Mrs. John A. Dulany entertained at their home, 325 N. W. Ave. E. on Sunday evening following church services, with a coffee and sing-spiration.

This was the first in a series of coffees they plan to hold during the Lenten season.

Mrs. Sydney Smith, Jr., was the pianist for the event and Kathryn Jane Smith was soloist and sang several songs.

Enjoying the evening were Mr. and Mrs. Howell Jones, Mr. and Mrs. Lee Cranford, Mr. and Mrs. Marvin Unwin, Mr. and Mrs. Sydney Smith, Jr., Mr. and Mrs. T. E. Burgess, Mr. and Mrs. Milton O. Carpenter, Mr. and Mrs. Larry Royal, Mr. and Mrs. Philip A. Dulany, Mr. and Mrs. Jane Evans, Mr. and Mrs. H. B. McCall and the hosts.

First Church Of Christ Scientist

Luke's reverent account of the divine origin of Jesus is the opening theme of the service in Christian Science churches this Sunday on the subject "Christ Jesus." The Lesson-Sermon continues with Mark's record of Jesus' baptism in the river Jordan when "the heavens opened, and the Spirit like a dove descending upon him: And there came a voice from heaven, saying, Thou art my beloved Son, in whom I am well pleased." And it culminates in John's powerful rhetorical question: "Who is he that overcometh the world, but he that believeth that Jesus is the Son of God?"

Explaining the continued importance of these words to humanity are passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, including the following: "An apostle says that the Son of God (Christ) came to 'destroy the works of the devil.' We should follow our divine Exemplar and seek the destruction of all evil works, error and disease included. . . . Those who slew him to stay his influence perpetuated and extended it. . . . The persecutors had failed to hide immortal Truth and Love in a sepulchre."

Local Adventists Will Attend Youth Congress

The Belle Glade Seventh Day Adventist Church will be represented at a statewide youth Congress this weekend near Orlando.

Heading the local delegation will be Robbie Cook. The Congress will be held at Forest Lake Academy, a boarding high school operated by Seventh-day Adventists at Forest City, Florida. The keynote address on Thursday night will be given by Farris Bryant of Jacksonville, former governor of the State of Florida.

Directing the congress will be Norman Middag of Orlando, director of youth activities of the Florida Conference of Seventh-day Adventists. He has announced that the congress theme is "Jesus is Coming Again."

"The purpose of the congress is to inspire and train the youth in giving a positive testimony in their personal lives for Christ," Middag said.

Several denominational leaders will be featured in the meetings of the congress. It will close with a patriotic meeting Saturday night, at which the speaker will be Congressman Edward Gurney of the Eleventh District of Florida. His topic will be "Loyalty — Price for Freedom."

Mid-Week Lenten Services

Mid-week Lenten services began February 23 at St. Peter's Lutheran Church of Belle Glade and will be conducted continuing each Wednesday evening.

Special feature of these services include a film-strip series "In His Stead" which depicts the suffering and death of Christ.

The sermonettes will supplement the film strips. All are invited to join in these services as we once more reflect upon the love of God in Christ Jesus.

AAA Meets Wednesday Nite

Alcoholic Anonymous Association is holding regular meetings on each Wednesday night at 8:30 in the Church School Building of St. John's Episcopal Church, for members only.

The public is invited to attend the first meeting of each month.

This group was organized under the late Father Petrie, former vicar of the Episcopal church here.

Program On "Do Something" Challenges WSCS Members

"Do Something" was the title of the program presented by the Mary-Ruth Circle to the General Meeting of the Woman's Society of Christian Service on Tuesday morning in the parlor of Community Methodist Church.

Mrs. George P. Farnall, circle chairman, and Mrs. Tevis Hugely challenged the members present to dedicate themselves to the years ahead and explore the Christian imperative as it applies to our own community. The challenge is to involve ourselves with others; to begin where we are in our own community with various kinds of service we may personally perform such as volunteer service in hospitals, northern part of the West Palm Beach District.

Members were urged to

Holy Baptism

Katherine Margaret Barbosa, infant daughter of Mr. and Mrs. Estevan Barbosa, born on January, the 18th, was received into the kingdom of God through the Sacrament of Holy Baptism.

The Sacrament was administered by Reverend R. Y. Roseman, pastor at St. Peter's Lutheran Church, on February, the 6th. The God parents are Mr. and Mrs. Edward Pulerwider.

attend the World Day of Prayer, which will be held Friday, February 25, at the Everglades Presbyterian Church at 4 p. m. The West Palm Beach District Annual Meeting was announced to be held this year in Pompano on March 8. Miss Susie Mayes, on leave from the Methodist School in Sarawak, Malaysia, will be the featured Mission Speaker.

One Man Looks At The World ...

... and it makes him sick!

Another looks at the world and his heart stirs with hope.

The first has seen only the world itself . . . full of evil, injustice, ugliness, pain.

The second has seen more than the world. He has seen God . . . Who is not content with the world as it is . . . Who offers men the spiritual tools with which to change their earthly environment . . . Who promises divine help and lasting reward.

For the man who is tired of scowling at life the Church has a message . . . and a mission.

THE CHURCH FOR ALL

ALL FOR THE CHURCH

The Church is the greatest force on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and actively: (1) For the sake of his own soul; (2) For the sake of his community and nation; (3) For the sake of the Church itself, which needs his moral and material support; (4) For the sake of the world, which needs his spiritual and moral leadership.

Circle T Rodeo Raises Own Stock

The 19th annual Circle T Rodeo will be held in Indiantown Saturday and Sunday the 28th and 29th of February according to G. C. Troop, producer of the Rodeo.

Over 15,000 spectators are expected to pack the concrete and steel rodeo bowl over the Rodeo weekend to watch the nations champion riders pit their skill and muscle against some of the roughest wild mustangs and brahmas in the country.

All rough stock used in the Circle T Rodeo are bred and born on the sprawling Circle T Ranch and spend a leisurely year waiting their 10 or 15 second ride at the annual rodeo. Fed corn for a month preceding the rodeo, the stock, specially bred for meanness, has earned a reputation of being the roughest in rodeo.

The Circle T Rodeo is the nation's only invitational Rodeo. Only those riders receiving special letters of invitation will be allowed to participate. Entrance fee for each participant will be \$50. As in past years, only riders who have already shown expert skill in other rodeos will be invited to enter the Circle T Rodeo.

A cowboy prepares to hit the dirt before packed crowds at the Rodeo Bowl in Indiantown. The 1986 Circle T Rodeo, the 19th consecutive rodeo to be held in Indiantown is scheduled for the 28th and 27th of February.

It is expected that there will again be a massive fly in of private planes to the 6,000 ft. Circle T airstrip that adjoins the Rodeo Bowl. Last year saw almost 100 private planes fly to Indiantown for the rodeo.

Cowboys and girls taking part in the rodeo will show: Advance ticket sale for a \$10,000 purse. They will come from many states to ride at the Circle T, with Arkansas, Oklahoma and Texas heavily represented.

Coastal States Life

Reports Strong Gains

Claude H. Poindexter, President said Coastal States Life Insurance Co., ended the year with \$641,736,000 of insurance in force, an increase of \$118,029,568 over the \$523,706,832 in force at the end of the previous year. Mr. Poindexter said Coastal's insurance in force is expected to exceed \$700,000,000 by the end of this month through the acquisition of a block of business from another company.

Further comparison of Coastal's 1985 figures with those for the previous year show: Assets rose from \$25,045,841 to \$56,004,359; income rose from \$16,016,136 to \$19,801,163; premium income from \$13,789,886 to \$17,421,073; capital and surplus from \$3,258,313 to \$3,575,473; and net gains from \$64,250 to \$550,266. Ordinary net paid and in-force business totaled \$79,161,112 as compared with \$48,827,761 for the previous year. Total life paid-sales, including Group insurance, rose from \$93,350,561 to \$132,649,402. Policy reserves increase from \$44,259,305 to \$47,984,578.

In commenting, Mr. Poindexter said, "Coastal is now the second largest company in Georgia based on premium income and we expect to become the second Georgia company to pass the billion in force mark."

Has the Volkswagen fad died out?

Yes. But it was an unnerve experience while I lasted. Because after we introduced our completely sensible car, people ran out and got it for completely frivolous reasons.

The first people bought VWs just so they could be the first people to have one.

And a lady in Illinois had one because it looked cute beside her "real" car.

However, the faddists soon found out that the bug wasn't an expensive \$1574 toy, but a cheap \$1574 car.

As a fad, the car was a flop. When you drive the latest fad to a party, and find 2 more fads there ahead of you, it catches you off your own guard.

But as a car, the VW was impressive. If you had to go somewhere, it took you. Even when some cars wouldn't. And when you got there, you could park it. In places where other cars couldn't.

Once people took the bug's good points for granted, it became the best-selling car model in history.

And that's when the VW fad ended.

Front Wheel Drive In Daytona Races

The first front-wheel drive stock car ever to go to the races — an Oldsmobile Toronado — will shoot for the winner's share of the more than \$141,000 in posted awards in the eighth annual Daytona 500 at Daytona International Speedway on Feb. 27.

The Toronado, powered by a 425 cubic inch engine and producing 385 BHP at 4800 rpm, has been entered by Art Bailey of Elk Grove, Ill., and will be driven by Bailey.

"It's a wonderful car," said Norris Friel, NASCAR's chief technical inspector, when told of the entry. "It should do well, for with the front wheel drive it is pulling all the time. And don't forget, front wheel Dusenbergs, Millers, and some Novis have raced with success at Indianapolis. It will be interesting to see what the Toronado will do here at Daytona. My guess is that it will do all right."

The entry of the Toronado means that all of Detroit's latest and hottest ones will be going in the Daytona 500, fastest race in the world.

Already entered are Ford's Pontiacs, Chevys, Buicks, Plymouths, Olds and Dodges, and Rambler is expected to soon make an official entry for Larry Hess of Salisbury, N. C., is getting a Rambler Ambassador.

With the best late model stocks and the top drivers set to take the starting flag the 500 is likely to draw a record crowd of 90,000 or more. Advance ticket sales indicate that the Speedway attendance mark of 82,000 will be smashed.

The Toronado will not be the only Olds in the field. Veteran ace Buck Baker will drive a 442 Jack Goodwin of Farmington, Michigan, will handle at '66 Buick, and H. B. Bailey of Houston, Tex., will be at the wheel of a '66 Pontiac entered by his wife, Janice.

The Plymouth entry, headed by Richard Petty, 1964 NASCAR Grand National champion, and the Ford will have Fred Lorenzen, A. J. Foyt, Curtis Turner, Net Jarrett, and Marvin Pank, among others, in the 300.

The swift Dodges, readied by Ray Nichols and Cotton Owens, will be cheered by such men as David Pearson and Sam McQuigg.

Summer Postal Jobs Are Through Exams

Congressman Paul Rogers today advised students and other young people interested in summer postal employment that a nationwide competitive examination will be conducted in March to select seasonal assistants to work from May 1 to September 30, at a pay of \$2.34 per hour.

Applications must be filed before February 24th. Congressman Rogers urged all those interested to immediately contact their local post office or Civil Service office for applications and additional information.

One of the most deadly rules to break is a traffic safety rule.

140 Of World's Fastest Will Race At Sebring

The Friday and Saturday, March 25th and 26th entry list of auto race racing machines and the world's top auto racing drivers once again scores an international bulleseye in road racing history.

The Sebring 12-Hour Endurance Race program in March will be the only race in the world to start one hundred and forty of the world's fastest cars — seventy in the Friday 4th hour race for international touring sedans, with one and sometimes two championship caliber drivers to each car — and the Saturday 10 A. M. to 10 P. M. endurance with two or more fearless two hundred mile an hour pilots for each car.

Strictly a manufacturer's race, the all new untuned 330-P-3 Ferraris, laying low against competition until the real challenge of Sebring time. Chevy powered Chaparrals, 1965's winner of the coveted Allstate Airlines Cup. Ford's, with 427's and 289's. A pooling of the best of two worlds race and engineering know-how to make their pitch for the checkered flag.

Only at Sebring, and that is for Saturday, March 26th from 10:00 A. M. to 10:00 P. M., with all the fanfare of the crowds, glamor of international auto racing sport and the five point two miles of test of man and machines, will human frailties and mechanical faults prove who has built the best machine in the world and picked the right combination of drivers to win.

Many spectator facility improvements and new areas have brought increased demand for tickets. For your best choice write now to ARCP, P. O. Box 71, Sebring, Florida, for reservations.

Be considerate of the other driver and fate will be considerate of you.

Common Driving Errors

The Florida Highway Patrol warned today against committing what seems like little errors while driving, pointing out that the result is often tragedy.

There are several common errors that just about everyone is guilty of at one time or another," declared Patrol Comdr. H. N. Kirkman, "and these errors have in the past caused many tragic deaths and injury dealing crashes.

One of the most common mistakes the motorist makes is failure to heed a stop sign.

"Just rolling up to a stop street without coming to a complete halt and looking for traffic in both directions is not enough to insure safety for you and the other drivers who may be approaching from either direction," Kirkman said.

Turning from the wrong lane on high speed roads can bring sudden death; failure to signal your intentions to signal your intentions in traffic is dangerous.

Sudden stops, especially when rear lights are not in tip top working order, cause many wrecks that bring death and injury.

Passing on curves and in no-passing zones result in head-on crashes many times a year in Florida and in almost every case there is serious injury and big property damage if not death.

Another common but seemingly small error is to

The Henry Laskeys Win Trip To San Juan

Mr. Henry A. Laskey of Belle Glade and his wife, Julia, will vacation in Puerto Rico from March 3-8 as guests of the Jos. Schlitz Brewery Co. They will stay at San Juan where they will have an opportunity to tour the Puerto Rico Brewery Company, in which Schlitz acquired controlling interest last year.

Sales increases during the year merited a prize trip for two to Puerto Rico in the Milwaukee brewing firm's annual incentive program.

ITEM: Allow 5 inches of space on a closet rod for each dress, jacket, shirt, raincoat, or pair of trousers. Suits take 3 inches. Skirts and blouses need 1 1/2 inches each, according to home economists in the U.S. Department of Agriculture.

ITEM: Are you about to paint with lacquer? Remember that this type of coating acts as a paint remover on an oil base surface and use it only over another lacquer base. When in doubt about the type of surface, consult your paint dealer or stick to an oil base paint.

ITEM: An electric frypan or a deep-fat fryer frees one space on the range and gives controlled heat. Skillet, frypan and buffet are good for similar appliances. All the appliances are used to fry, stew, bake, or pan-broil foods. In frypans, there's a choice of aluminum, stainless steel, metal and ceramic.

ITEM: When planning meals, use food in simple forms instead of in mixture and you can spare extra calories. Fry beef patties instead of meat loaf; fresh canned, or frozen fruits instead of pies and puddings; fresh fruits and vegetables instead of sweet gelatin or whipped cream salad.

Frank Dooley, purchasing agent for Pioneer Growers Coop., was guest speaker at the regular meeting of Belle Glade Chapter Future Farmers of America. He explained the factors necessary for the organization and success of a Cooperative. During the address he presented the members with an interesting history of Pioneer Growers Cooperative.

The Chapter is well pleased with the cane crop which when harvested from the 42 3/10 acres produced 2,099 tons for the 1965-66 crop with an approx. 14.5 per ton to the usual average of 12.5.

The boys individually have six and one half acres of peanuts planted and 1 1/2 acres of cabbage. There are approximately 20 head of cattle on the FFA farm and the Chapter's calf crop is reported good.

The Belle Glade Chapter FFA will have its annual barbecues at the cafeteria at the high school on March 19, one of their fund raising projects of the year. The proceeds are used to finance chapter activities such as sending a group of boys to the State FFA Convention to Daytona in June.

At the close of the school year the Chapter sponsors a Father & Son Banquet in May at which awards are presented for the year and honorary members are recognized.

McCabe Congratulated

E. A. McCabe (center) executive vice president and general manager of Pioneer Growers Cooperative of Belle Glade, an FFVA member, receives congratulations from Woodrow H. Buss (left), Pioneer Growers president, and Robert D. Apelgren (right), Pioneer Growers vice-president, upon being elected president of United Fresh Fruit & Vegetable Association. The event took place during the 62nd annual convention of UFVFA in Chicago Jan. 31-Feb. 2.

'Agriculture Is More Than Farming'

The theme of Future Farmers of America Week being observed by Chapters throughout the nation, Feb. 19-26 is "Agriculture Is More Than Farming," which points out the Week's purpose and significance. The Belle Glade Chapter FFA headed by Professor Sam Lovell and associate J. O. Goza has a membership of 95 boys from the 9th through 12th grades. The boys participate in various phases of the agricultural program.

"Today the opportunities in agriculture are unlimited," Mr. Goza said. "Years ago vocational agriculture was based primarily on production but however due to vast changes taking place in the United States, vocational schools no longer stress production only. New objective is opportunities for trainees in agricultural occupational and related agriculture."

There is a new term Agricultural which is often used in reference to all the occupations that are related to farming. Mr. Goza pointed out first we must have plant breeders; second, chemicals to prepare soil; third production the producers; fourth farm manager; fifth, sales and distribution; sixth, marketing; seventh, financing and eighth, Agriculture mechanics.

More than ever before the business world is asking for employees with agriculture background, Mr. Goza stated especially in sales, finance and public relations.

Elected UFVFA President

More than a hundred Glades brokers, farmers, sales men and their wives joined together at the Elks Club in Pahokee, Wednesday night honoring Gene McCabe and complimenting his election as President of the United Fresh Fruit and Vegetable Association.

Vegetable salesmen of the Glades, is an organization devoted to "fellowship and the bringing of the farmer and the buyer together."

This organization spearheaded the get-together in behalf of Mr. McCabe, who is Executive vice President of Pioneer Growers Cooperative.

Mr. McCabe has enjoyed a long association with both the salesmen's organization and has served on the Board of the National group whose Presidency he now holds.

Cost of Traffic Accidents

NEW YORK—The Insurance Information Institute reports that the total dollar cost of the nation's traffic accidents in 1961 was nearly \$10 billion. This is equivalent to a bill of \$51.26 for every man, woman and child in the country.

HEMELINES IN PARIS AND NEW YORK ARE SHOOTING UP FASTER THAN ROCKETS. A few diaphanous are clinging to long skirt lengths, but watch them be axed away momentarily. No one can see the new collections without being absolutely brainwashed to the new skirt lengths. However, this is a personal matter, depending on your own proportion. Many elegants are settling for the middle-of-the-knee length, while others have gone all the way above. If you like the new shorter fashions, your last years chemise may be belted with thin leather or spaghetti-thin patent leather belts and given the quick rise, thus saving an alternation. Women have been ready for some time to Really shorten their skirts. The time is now — Quick, the scissors.

So much for hemlines, let us get back to the really important thing — PANTS. Would you believe it, a very thin FASHION WISE Miss recently marched to the Altar in an elegant Pants Set. Come and see our sets. Just arrived Vera collection Let us give you a Vera Lady Bug Pin. The wearer should have good luck and happiness, and if worn on a Vera Blouse or Shift, will be sure that her Social Security is a fact.

Comedy Hit At Playhouse Opening Feb. 28

"The Warm-Penisula," the Broadway comedy hit with a Florida setting, is the next attraction at Frank J. Hall's Royal Poinciana Play-house, opening Monday, Feb-ruary 28th and playing thru Saturday, March 5th.

The stars are Tammy Gri-mes, Jeremy Slate and Endi Markey. Featured also in the cast are Gayles Byrne, Richard Root, William Mun-chow and Edward Richard-son. The production is be-ing directed by Christopher Hewett, who has acted in and directed numerous presentations for the Royal Poinciana Playhouse.

The deep voiced, scintil-lant-sounding Tammy Gri-mes assured the critics and audiences that she was a star when she was seen in "The Unsinkable Molly Brown" which ran for two years on Broadway. Tammy won the coveted An-tonette Perry Award that year as the best featured actress in a musical comedy and the variety pool for the best actress in a musical comedy.

After her starring role in "Battle of a Simple Man" on Broadway, she was signed for Noel Coward's "High Spirits" as the ghostly El-ira.

Endi Markey, who was one of the most famous si-lent screen stars of all time, will play the role of Iris Florida, a silent screen ac-tress, in the comedy.

Ministerial Assn. Discusses Community-Wide Holy Week

The monthly meeting of the Ministerial Association was held at the Glades Memorial Hospital, following a breakfast served by the Hospital Dining Room staff. The meeting opened and closed with prayer by Rev. Paul Vondraek, president.

The Community-wide Holy week services between the cooperating churches within the Association were discussed. It was decided to continue conducting these services that the people might have the opportunity for corporate worship with fellow Christians of other denominations. The Community Methodist Church, Rev. W. R. Boland, pastor, extended the invitation to conduct a Mid-day Good Friday service in the Methodist Chapel. The invitation was graciously received by the Association. The site of the Easter Sunrise service will be announced at a later date.

The Association was privileged to have two guests speakers at the meeting. First, Miss Julia Hampton, of the Palm Beach County Board of Health spoke concerning the various Federal and state agencies for medical services to the underprivileged. Afterwards, Dr. Thomas Baker, local chiropractor, and president of the Belle Glade Chamber of Commerce outlined the functions of the local chamber of commerce, and extended a personal invitation to the Association to join the same.

A motion was made, seconded, and approved that the Association continue its membership in the Chamber of Commerce.

Rev. Richard Roseman reported on the progress of the newly formed committee concerning worship services to the prisoners of the City Jail. It was noted that a religious organization from Hobe Sound was presently conducting services on Sunday afternoon. It was then decided not to hold a duplicate service as long as the present services are held with the understanding that if these are ever discontinued, then the members of the Association would take turns in conducting Sunday afternoon worship services at the city jail.

A resolution, adopted in a previous meeting, concerning the new City Library, was noted thru a letter written by the president to the City Council. This letter favored the construction of a new library.

The president appointed the following committees for the year of 1956: Public Relations and Radio: Reverends R. Y. Roseman, chairman, Joel Miles, Madison Sindle, Community Service — Reverends W. Piekels, chairman, J. B. Adams, Max Jones, Membership, Reverends W. R. Boland, chairman, H. E. Green, O. D. Williams.

Noted Journalist At Round Table

Eddy Gilmore, who was awarded journalism's highest honor, the Pulitzer Prize for his written interview with Premier Josef Stalin at the start of the Big Four talks, will speak before the Palm Beach Round Table Monday.

"The Stories I Couldn't Write" will be the subject of Gilmore's address and Round Table officials expect his comments to be among the most interesting of the Round Table season.

Gilmore, will speak at the Henry Morrison Flagler Museum at 3:30 P. M. All Palm Beach County residents and guests are invited. Non-members pay a \$3 donation-admission at the door.

Spending 12 years in Russia, Gilmore is considered to be one of the most knowledgeable men in the world today on Russia — its people, its rulers, the way they live and think. A former Associated Press Bureau Chief of Moscow, Gilmore is the author of the best-selling books, "Me and My Russian Wife," "Troika" and "After the Cossacks Burned Down the Y."

Premiers, princes and politicians on both sides of the "iron curtain," celebrities of the "jet set" and the arts, scores of fascinating and world-famous people have been interviewed by Gilmore. A newsmen for 35 years, covering some of the "hottest" stories in recent history, he has more never-before-revealed information it is said, inside him than hundreds of other reporters put together.

Married to a former Russian ballerina, Gilmore fought Communist authorities for nearly five years before he was granted permission to transport his wife and three children to the United States.

Rainbow Queen Candidates Elected

At the Order of the Rainbow meeting held Monday night at the Masonic Temple, the group elected candidates to participate for the Rainbow Queen Contest. Girls elected were Aggie Gressinger, freshman; Kathryn Smith, sophomore; Jane Zumph, Junior; Linda Rockwell, Senior. The girls' age to have their campaign boxes out in various business places by Saturday, Feb. 26.

The Rainbow Queen will be announced at the annual Rainbow Dance, the date to be announced later. Last year's queen, Jill Chapman will crown the winner.

Among other business was the announcement of the Bake sale on March 3 from 3 to 4 p. m. Eastern Stars and friends will be phoned for orders, that will be made by Rainbows and ready at Masonic Hall on Saturday.

It was announced a slumber party will be held following the basketball game this Friday night at the home of Jane Zumph.

Rebekahs Invited To District Meet

At the regular meeting of Belle Rebekah Lodge No. 21 the members were informed of an invitation by the District Deputy President, Jean Sheppard to attend the District meeting to be held Feb. 24 at the Hibiscus Lodge No. 66, West Palm Beach. All members were urged to attend if possible.

Mrs. Ruth Mook, Worthy Grand, presided during the business meeting. Two visitors were introduced, Mrs. Rogers, mother of Kathleen Rogers of Lakeland and Mrs. Smith from Badenville, Pa. The group is always happy to welcome visitors.

The meeting was well attended, but a speedy recovery was wished for all these who are sick and shut in.

Refreshments were served at the close of the meeting. The table was beautifully decorated carrying out the Valentine theme. Hostesses were Ethel Imler and Lorraine McTaggart. The lucky Valentine was won by guest Mrs. Smith.

First Church Of Christ Scientist

The Centennial of the Discovery of Christian Science will be observed year-long throughout the world and sparked thru a public speaking tour, commencing in Australia, by the Editor-in-Chief of The Christian Science Monitor.

Construction of a new fifteen-acre "Church Center" will commence, and active activity will come to a focus at the annual meeting in Boston on June 6th.

"The Belle Glade church began services in May of 1935, and the movement became known as the Christian Science Church of Belle Glade in 1938, a branch of The Mother Church in Boston.

In February of 1939 the first service was held in the Society's own building, in Holloway's subdivision. Previously services had been held in the Woman's Club building.

Christian Science churches cannot be dedicated until they are free of debt. In October of 1939 the Belle Glade church was dedicated, following the change of the name of the Society to First Church of Christ, Scientist, in Belle Glade.

One hundred years ago Mary Baker Eddy began her pioneering of what is now a world religious movement — Christian Science — as a result of a spiritual healing experienced by herself.

Mrs. Eddy's life-long study of the Bible turned into an intensive searching that produced the earliest manuscripts on Christian Science and brought her conviction that Christianity is scientific in the deepest spiritual sense, and applies in every respect of human experience.

Mrs. Eddy wrote the Christian Science textbook.

Does Law Guard Profit In Filth?

By Lewis Llewellyn Are profiteers in printed filth protected by the "freedom of the press" provision of the First Amendment?

A noted jurist has declared that the Constitution is not intended to protect the purveyor of moral poison. Justice Michael A. Musmanno, justice of the Pennsylvania Supreme Court, said, in an address delivered in New York City, "Those who invoke the Constitution in support of obscenity would seem to argue that the Constitution was designed to work its own destruction."

"It is the most bizarre notion imaginable," the jurist continued, "that a printing press constitutionalists in every paper that passes between and beneath its rollers. Filth does not lose its stench . . . because it is formed into letters of the alphabet."

A tide of printed filth is advancing across the land. Justice Musmanno stated, "in a way which should give every wholesome-thinking person cause to wonder whether it may not erode the very foundations of the basic morality upon which our nation and our Constitution were founded."

When will the increase in the tide of debauching and demeaning books and magazines be halted? When will the men who profit from the sale of this literary garbage, laden with the germs of degeneracy, be persuaded that they can no longer stomach the presence of these sugars of juvenile

Embellecimiento de Belle Glade

Ademas del moderno edificio del Dr. Baker, de cristales que será construido para oficinas y donde se ubicara la Medical Clinic en un futuro proximo, se halla en construcción en Belle Glade una adición en forma de L, al fondo de la Compania de Telefonos Southern Bell, 108 S. W. Ave. G, donde se instalaran equipos de comunicación directa de larga distancia, a un costo de unos \$100,000. El Sr. Edward F. Reddy, district manager de este servicio publico, explica que esta construcción es solo una fase de un programa de mejoramiento, cuyo costo total es de \$106,500,000. Esta edificación es de ladrillos, y se espera que el nuevo sistema DDD (Distance Direct Dialing) este instalado para principios de 1967.

Y se hallan planeando en los Clubs de Senoras, aqui en Belle Glade, escoger ciertos terrenos en el Parque Municipal, para construcción de la nueva Biblioteca Publica.

Judge Tyson Among "Homefolk" In South Bay's Courtroom

Judge James L. Tyson presided over his first South Bay Municipal Court session last Thursday, and afterwards expressed his pleasure at being privileged to work with Chief of Police O. J. Senecal, who was former head of Glades Sheriff's office. When Senecal was employed there, he served as bailiff in Judge Tyson's court sessions.

The judge also stated that when he first began his law practice in West Palm Beach, Hubert Craig, now City Clerk of South Bay, was employed in the same building.

Judge Tyson also stated he was appointed municipal judge of South Bay at the past commission meeting in February. The appointment is in addition to his regular duties as Judge of Glades Magistrates Court of Palm Beach County.

Tyson has become well known for his courtroom manner in the Glades. When the judge finds a party guilty of charges filed against him, the errand person usually give a good guess as to what the fine or jail sentence will be.

Following court on Thursday, Judge Tyson explained to City Clerk Hubert Craig, Police Chief O. J. Senecal and Assistant Chief James Mathis he did not intend to interfere with the Police Department. The judge did ask the police that if at all possible to make no more than one charge against a defendant.

Judge Tyson explained before hand, which is his custom, to Isaiah Arron

Two year-old Michele Mathis was feted at a birthday party last Saturday at South Bay Park. Adult guests attending were Mrs. Donald Tanner, Mrs. Boe Austin, Mrs. Barbara Elliott, Mrs. Norma Burkett and the honoree's mother, Mrs. Dan Mathis.

Michele opened many lovely gifts. She and her guests were served cake, punch and candy in colorful candy cups.

Children attending were Terry and Marie Crandorf of Belle Glade, Bing Elliott, Deanna, Jeanna and Doug Tanner and Tessie Austin, all of South Bay.

what sentence he would hand down if Arron was guilty of the charges against him. The youth pleaded guilty to charges of petty larceny and public drunkenness and drew fines totaling \$105, or 21 days in jail.

Police Chief O. J. Senecal arrested the youth a few minutes after receiving the complaint. All the missing items were recovered and returned to Mrs. Guice after Arron's trial.

Before he left, Judge Tyson on a tour of the City's jail which is being repoduced and expanded.

Bit Of Hide, Necktie, Hat And Keys - Lost By Arresting Deputy

Because of Mary Lee Drawdy, 42, of 111 1/2 NW Avenue C, Belle Glade, who was stopped for a traffic violation, Deputy Sheriff Dean Alford is minus flesh, tie, hat and keys. He lost the items when he attempted to arrest Mrs. Drawdy.

Alford stated he saw the motorist driving 60 mph in a 45 mph zone. She also ran a stop sign at the intersection in South Bay. After Alford stopped Mrs. Drawdy, he informed her she was under arrest and requested that she follow him to the police station. The motorist proceeded to roll up the windows lock the doors, and would not budge. The deputy walked back to the car and informed the motorist once again she was under arrest. He threatened to call the wrecker after he had no response from Mrs. Drawdy.

It was not until the wrecker arrived that Mrs. Drawdy would unlock the doors. At this time action started. Alford tried to subdue the woman, who repeatedly stated she was not going to the police station. During the ensuing scuffle, Alford lost his items. The deputy managed to handcuff the motorist, and when being released at the police station, he noticed her right wrist was injured. Deputy Alford called Deputy James Kersey for assistance when Mrs. Draw-

CHEVY PICKUPS RIDE SMOOTHLY

... A BIG REASON WHY THEY'RE LIKED BEST!

Smooth ride is one big reason why Chevy is America's most popular pickup. You get true independent front suspension; front wheels that step lightly over bumps. And most models provide big coil springs at all four wheels to soak up the jolts. You get a ride that's ideal for camper duty as well as work... a tough suspension proved over the past 5 years on rugged jobs. Try a smooth-riding 1966 pickup at your Chevrolet dealer's.

Wee Care Is Graced With 60 Visitors

Wee Care Development Center of Belle Glade was showered with guests and gifts two weeks ago. These guests were sixty occupants from the settlement called Monet Acres, W. C. Taylor, Wee Care President explained. Employees and children were so gracious and appreciable it seemed

like Christmas all over again. Last year Mrs. Hammond, the leader of the Monet Club, and a group of ladies were inspired to be as much help as they could to the center; therefore, they made draperies for the baby nursery, created teddy baby clothing, sheets for napping

cots, and many other items. This year Mrs. Hammond and her group is active again. Once more they brought beautiful hand-sewn draperies for the kindergarten department which added a completely new atmosphere to the room. Among other things given were three baby feeding

chairs, baby rubber pants, more sheets, play dough and always a treat for the children. "We cannot begin to thank them enough for their perpetual interest in the center," Taylor said. "However, the children showed unusual interest and thankfulness without words be-

cause they thoroughly accepted sixty members with twinkling eyes as if it were a special holiday. Furthermore, more who can give appreciation better than children. The Wee Care Center is open at all times to visitors. "It is a pleasure to have you," the leaders said.

Obstreperous Worker Got It "In The Neck"

Floyd Ashley, Field Superintendent for the Atlantic Sugar Co., Lawrence Kelly, a truck-tractor driver Sunday about midday, after Kelly allegedly was impetuous, insubordinate in word and action, and threatened Mr. Ashley with a gun.

Two eye-witnesses corroborate substantially Mr. Ashley's report of the incident. However, the victim who lives at 521 SW Ave. E. remembers the events leading up to the shooting and the shooting itself contrary-wise to the substantiated report of Ashley.

Reports are that Mr. Ashley was requested to "see about" one of the drivers who was creating a fuss and when he appeared to ask Kelly "What's the matter here?" he received an answer flavored with Satidny nite Fifth Street conversation, followed by a threat of violence and pointing of a gun, with evident intent of backing up his attitude of belligerency.

Mr. Ashley unaccustomed as he was to such wanton outbursts and the threat with a gun, secured his own pistol from his jeep and punctured Kelly in the neck. Kelly's neck is healing following treatment at the Glades General Hospital, and he is hospitalized on a bed of discretion in such Sunday morning carryings-on.

Legislature, and is a leader state-wide in personal and legislative efforts to curb the menace of auto travel. The session of the Legislative Committee on Safety held in West Palm Beach thru the influence of Mr. Roberts sparked definite action on guard rails already installed in southeast Florida counties.

Years of continued service on the Legislative Council, which considers and recommends legislation, as well as his record of integrity and hard work in the House and Senate. The last convention of the State Association of County Officials conferred its Good Government Award on Representative Emmett Roberts.

Senator Jerry Thomas of Palm Beach County heads the state wide organization promoting Representative Roberts' candidacy. Senator Ed Price, last year's most outstanding Florida legislator heads Roberts' advisory committee, and is joined by Senator Beth Johnston, Florida's first and only woman Senator. Representatives John Crews and Ralph Turlington are members of the Advisory Committee.

Tom Fleming of Boca Raton, Lion Johnson's State Chairman, as well as State Chairman of the Educational Bond Program, and Chairman of the Florida State Chamber of Commerce's Educational Committee, is also a member of the Advisory Committee. L. Colonel Emmett Roberts of the U. S. Army Reserve is a Legionnaire, a VFW member and is former Governor of Lions International, and presently an International Councilor of Lions.

Mr. Roberts is a 32nd degree Mason and member of Mahi Shrine; he is a past Exalted Ruler of Belle Glade Lodge of Elks. He and his family of wife, Joni, daughters Anna Marie 16, and Patty 14, are members of the St. John the Apostle Episcopal Church of Belle Glade. Mr. Roberts is a former member of the Board of Trustees of the Episcopal Diocese of South Florida and past Senior Warden.

Mr. Roberts is a BS graduate of Florida University and a native born Floridian from Clearwater, with public school education in St. Petersburg.

Mr. Roberts effectiveness in the Legislature over his 16 years service for ALL of Palm Beach County is indicated in the results of his last unopposed race for Democratic nomination and election.

project goes through Mr. Fred Green of Gree and Jensen estimates that approximately half a million dollars may be required to build the water main, pumps, and storage facilities. This is a rough estimate, and more or less may be needed.

The Farm Home Administration of the Federal Government will "loan" the money. The committee is headed by Mr. John Stewart local Lake Worth, Florida director for the Farm Home Administration. The federal government will not actually loan the money, states Mr. Weaver, but will underwrite or guarantee a bond issue for the needed funds. Such bond issues usually carry a low interest rate and are readily saleable on the commercial bond market, usually at less than four percent.

"If this goes through it will mean a great deal to the South Shore," Mr. Weaver, "Under other laws anyone living in a rural area can get a government loan to build a new house or to build a concrete block home. If GOOD WATER is not available, this means that many of the farm homes in poor condition along U. S. 27 and the area covered by the water association will eventually be replaced with modern dwellings. This is most important to the future of the Glades."

March 5 Kick-Off

Annual Cookie Sale

Nat'l Girl Scout Week

Palm Glades Girl Scout Council will kick off its annual Cookie Sale and observance of National Girl Scout Week on Saturday, March 3, Mrs. Samuel Manalan, President, announced. A goal of 120,000 boxes of cookies has been set for the 1968 sale, according to Mrs. William Lemley, Lake Worth, who is the sale manager. The five flavors of foil wrapped cookies will be sold from door to door and in booths throughout the seven county council areas through March 19, she added.

Last year camping reached a new all time high in the sprawling Palm Glades Council which encompasses Palm Beach, Martin, Hendry, St. Lucie, Indian River, Glades and Okeechobee Counties.

The Juniors, Cadettes and Senior Scouts selling cookies also boost their troop treasuries through the sales for year round camping trips, supplies and other projects.

Observance of National Girl Scout Week is slated for March 6-12, with Girl Scout Sunday kicking off the week long recognition.

District and Neighborhood personnel have been in training for the sale for the past two weeks and training of the Scout sales will be conducted during the next week.

In District III, Mrs. J. C. Betts will be the Cookie Chairman of the Cudard Apple Neighborhood Association in Belle Glade; Mrs. Ernestine Norville, Mango Neighborhood Association, Belle Glade; Mrs. Ardis Hall, Clewiston; Mrs. Laurie Justice, Pahokee.

The sale, a joint effort of the girls and adults to support National and International Girl opportunities; purchase new camp equipment and maintain both the established camp site at Welaka in

Gove School Marks PTA Founders Day With Play

Founder's Day or the birthday of PTA was commemorated at Gove Elementary School on Monday night at the monthly meeting of the PTA with a play. Those participating were: Mr. Victor Zawadzki as the narrator, Mr. and Mrs. Ray Caruthers as the parents, the Rev. J. Paul Vondracek as the church, Mr. Ralph Reed as the school, Dr. Don Flies as the community, Mrs. Wm. Burke and Mrs. Earl Lindrose representing the founders of PTA, Mr. W. L. Cunningham, Jr., representing the state PTA, and Mrs. Francis Cross, Jr., representing all parents.

The two young students dressed in school colors accepting the birthday gift offering were Miss Anne Cross and Miss Cindy Pate. The script was narrated with the different factors affecting and effecting a child's development, being brought out from the cast which was seated among the audience. During the course of the program and adding much to its enrichment, Mrs. Vique Marquess led the group in singing "God Bless America" and presented a vocal solo "God Bless this Home." Mrs. Lou Bailey presented a piano solo "The Lord's Prayer" and accompanied the vocalist in her selections. The Reverend

Vondracek closed with a prayer. Preceding the program, Mr. Joe Clayton presented the devotional entitled "Our Shining Image" which was taken from the first chapter of Genesis and the second chapter of Hebrews.

BUSINESS MEETING
During the business session, Mr. Bill Bailey, chairman of the Halloween Carnival for Gove Elementary, gave his final report of the carnival, giving explanations as to the details of expenses and net profit.

Mrs. Sam Lovell, a parent of Gove Elementary, and the "roving librarian" for this school area, presented a resolution supporting the proposed Belle Glade Public Library. The PTA gave its full support and cooperation.

President Cunningham advised the group of the recommendations made concerning the use of a portion of the Halloween Carnival funds. The board recommended the buying of playground equipment and 25

additional bicycle racks for the school, and this recommendation was accepted.

A nominating committee was organized for a report to the March meeting. The committee consists of Mr. Francis Cross, Jr., Mrs. Curtis Thompson, Jr., Mrs. Jimmy Herring, Mrs. Jim Wierengo and Mr. Joe Capua.

For the fourth consecutive time Mrs. Dorothy Denlinger received the attendance award. She will receive \$3.00 for room use, as the group moved to increase the room award from \$1.00 to \$3.00 with the motion being retroactive. The decision was also made to present an engraved trophy to the room having the greatest percentage of attendance during the year at the close of the term.

Room Mother Chairman Mrs. Roger Cunningham gave a report of pledges on air conditioning and the results on the Saturday Movie fund. She also reminded the group of the rummage sale of Feb. 26th and other coming activities.

Mrs. Gerald Fussell, Mrs. Floyd Fessenden, and Mrs. Ronald B. Van Camp were hostesses, and served home-made cookies and punch to the group.

Civil Service Examination

Given In So. Bay

A Civil Service examination was given on February 17, to determine the person to serve as South Bay's Chief of Police.

Assistant Examiner Bob Mace was in charge of supervising the examination in the absence of regular examiner Frank B. Willis.

Of the eight men who took the test, only 4 had previous police experience. Applicants who took the test were: temporary chief, O. J. Senecal, Asst. Chief, James Mathis, Patrolman H. B. Pitts and Charles Clark. All present members of South Bay police force. Others: William Taylor, Paul Simmons, Eddie Nelson, Clifford Oliver.

Senecal, originally from Massachusetts, served on Palm Beach Police force, before being employed to work at Glades Sub-station, and was the only experienced policeman among the applicants.

Assistant Chief James Mathis served under Senecal at the Glades sub-station.

Patrolman Pitts was required to take the test since he had not completed the 6 months probation period.

Pvt. Ralph Rudd In Viet Nam

U. S. ARMY, VIETNAM (AFTN) - Army Pvt. Ralph D. Rudd, son of Mr. and Mrs. Shirley J. Rudd, Clewiston, Fla., was assigned to the 4th Transportation Command in Vietnam, Feb. 9.

Sender To Be Honored For Community Service

Sam Sender of Belle Glade, will receive the National Community Service Award of The Jewish Theological Seminary of America on February 28 at the Diplomat Hotel in Hollywood, Florida.

The award is a bronze plaque conferred each year by the Seminary upon a select number of communal and philanthropic leaders for "dedication to the high principles of Judaism and for exemplary leadership in his endeavors to enrich the spiritual life of his community." Rabbi Louis Finkelshtien will present the Award at a dinner highlighted by an address by Senator Robert F. Kennedy at Miami Beach's Temple Emanuel-El where Mr. Kennedy will receive the honorary degree of Doctor of Laws.

From humble beginnings, Mr. Sender has risen to prominence as a successful farmer, vegetable grower and shipper. After spending 12 years on the road buying vegetables for various firms in the East, he moved to Florida in 1941 and settled in Belle Glade where he started farming.

A man with a green thumb, he gradually increased his holdings until he now farms 6000 of his own acres of vegetables of which celery is the principal crop. He also grows sweet corn, broccoli, radishes and salad vegetables.

As president of Sam Sender Farms, Inc., he directs a large sales staff.

Widely known for his philanthropic activities, Mr. Sender received the Eleanor Roosevelt Award last February and Citizen of the Year by the Junior Chamber of Commerce of Belle Glade last June.

He serves as Vice President of Temple Beth-El in West Palm Beach and is a Trustee of Temple Beth Shalom in Belle Glade. The Jewish Theological Seminary of America, located in New York City, is the center for the training of rabbis, religious school leaders, scholars and cantors for service in the Conservative and other major cities.

SAM SENDER

Its library contains the largest collection of Hebrews and Judais in the world.

The convocation and dinner on February 28 is part of a nation-wide celebration of the Seminary's 80 years of service. Special commemorative events have already been held in Boston, Philadelphia, New York and other cities.

They will take place later this year in Chicago, St. Louis, Atlanta and other major cities.

SCIENTIFIC TOUCH

News Note: Of the total water consumed in the United States industry's share is only 2%. Each gallon is used more than 21 times before it is discharged.

EFFECTIVE WATER USE

In the fact of drought in many sections of the country, national attention has been focused on the availability of water and its use.

Industry has taken the lead in more effective utilization of water and the latest developments in pollution control. A nationwide study of 2,900 firms, which account for 90% of the total water intake by manufacturing industry, confirms these facts:

- Industry uses on the average each gallon of water two and one-half times before it is discharged.
- Two out of every three gallons in industry are used for cooling purposes and normally do not require treatment before discharge.
- Industry returns to the streams approximately 93% of the water it takes out. The 7% consumption accounts for only 2% of the water consumed in the United States by all users of water.
- Industry spends \$100 million per year to operate the facilities it has installed at a replacement cost approaching \$1 billion to treat its final wastes before discharge.
- More than half of the plants reporting treat incoming water before use, while 69% treat water before its released.

Today, the processes of many newly built plants are designed to minimize the production of wastes.

Uncle Dan From Doolie Says:

DEAR MISTER EDITOR:

I see by the papers where we was still making a little headway in this war the Great Society was putting on again poverty. Congressman Richard Roudebush of Indiana has reported we just paid \$23,700 to a group of our fine citizens for studying the "life cycle and behavior of the American ostrich."

Congressman Roudebush was of the opinion it was mighty fine to get the latest data on how the ostriches was behaving in Africa and to get this \$23,700 put in circulation on the poverty circuit, but he was a little alarmed, he said, that maybe them Government agencies was overdoing the matter. For instance, he had took note where the Department of Agriculture had just granted a professor at the State College of Agriculture at Ithaca, New York, \$42,000 to "study the sex life of cabbages."

Personal, Mister Editor, everybody already knows the ostrich buries his head in the sand when he sees trouble coming and I figure that's about all we need to know in this field. Actual, the African ostrich and them Government agencies was a heap alike when they see trouble coming. One sticks his head in the sand and the other sticks his paws in the tax bucket.

And I'm agin this \$42,000 cabbage deal for personal reasons. The Government has already admitted they was tapping phone lines and hiding them "bug" contraptions around trying to get

information about certain citizens and taxpayers. When we get to spending \$42,000 to study the sex life of the poor old cabbages, it looks like we was invading the last straw the right to privacy give us in the Constitution.

I bring this matter up at the country store Saturday night and Zeke Grubb claimed we was taking one step forward and two steps backwards in a heap of these poverty programs. For instance, he reported he had saw in the papers where the Revenue agents had went all out to get the moonshiners in Georgia.

The agents, said Zeke, claimed them self employed fellers in Georgia was cheating the Government out of \$20 million a year in liquor taxes, so they clamped down on the bootleggers so hard they was shutting off the main line of supply to Atlanta and the legal liquor stores was suffering a shortage.

They figured by blowing up the stills they would get \$20 million more in taxes, provided everybody kept on drinking liquor at the same rate, and they could use the money to help pay for the war on poverty. But the disemployed moonshiners has come out of the woods and has put in for all the poverty program benefits. The fellers was all agreed, Mister Editor, that in a heap of cases we was burning down the barn to get the rats.

Yours truly,
Uncle Dan

They're Ours - They Need Us!

It makes no difference what you think about the whys and wherefores of VIETNAM; the boys over there are wearing OUR uniforms; they're OUR boys, and their welfare is of daily concern to us.

There must be some 10 million folks in the United States who are directly affected by some boy over there, and the Congress is not going to let them down.

It appears that the Congress is getting tired of appropriating money with some "slicer" from the White House or a department smirking at questions by members as to the WHYS and HOWS of its spending.

The Administration is asking for more and more give-away money both to foreign countries and to the growing clientele of the Poverty Program here at home, both of which incite doubts as to their efficiency.

The Administration is asking that taxes be increased, government assets be sold, and restrictions put on cooperation with home-folks, so that the "Poverty Clientele" both foreign and domestic may be encouraged to not work.

If you believe in foreign Missions to the extent that Home Missions suffer, then keep twiddling your thumbs!

If you believe in your own health needs attention, then WRITE YOUR CONGRESSMAN AND SENATORS!

NOT APPROVED

"The time has come to lock the barn door before the President wakes up to find that the horse of economic stability already has been stolen," says Business Week.

The magazine continues: "The Republic that leaves the U. S. lessens our power and increases the hold that our creditors have on us."

If the Farm Credit Administration, the Federal Housing Authority or the Home Loan Bank were considering a loan to an organization that (1) increased its accounts payable every year (2) pay not only on mortgages and debts (3) and announces huge gifts poor kinfolks, to church, Salvation Army, Red Cross and welfare agencies in states other than their own and particularly to foreign countries;

THEN, that organization, would receive a brief notice "NOT APPROVED."

These three agencies, and particularly the first and last, have records of economic success, and are owner-participating; they have cost the government nothing, and all are government sponsored.

Of course what we are told from Washington, is the thinking of pedagogically trained minds — they know what's best for us, and what's best for us to know about our government, and what it's doing; that's what Washington evidently thinks.

You and I, and the other taxpayers — we're kin-folk — are owed about \$400 billion, and we may be told finally "I ain't got it son; just forget it a while."

However, what we owe financial institutions, can't be handled that way; they'll tell us what to do how to do it.

If Uncle owes foreign governments — such as the balance-of-payments deficits — then we will hop when and where they indicate.

This back-yard reasoning may not jibe with the thinking of the Hah-vahd egg-heads, but it shore HAS worked according to history.

When everything else fails, try work.

Your Dollar's Value

"How Real is Inflation in the U. S.?"

That is the title of an article in the January 24 issue of U. S. News & World Report. It is accompanied by a full-page chart which makes informative, and worful, reading.

Assume that the 1955 dollar was worth 100 cents. On that basis, your present food dollar has lost 15 cents in value; your rent dollar 13 cents; your home-building dollar 20 cents; your college-cost dollar 24 cents; your auto repair dollar 20 cents. So it goes, down the list of the things we use and buy.

All in all, the magazine says, your cost of living dollar has lost 15 cents in its buying power over a mere 10-year period. It doesn't take an expert in "higher mathematics to figure out what will happen if that trend continues on, or worse, accelerates.

And accelerate it undoubtedly will if the creation of huge deficits continues. The big domestic question now is whether or not Congress will take steps to protect what is left of your dollar's value, by really applying a heavy blue pencil to nonessential spending.

The Cost Of "Free Lunches"

How much do we really know about economics?

John T. O'Connor, the Secretary of Commerce, recently offered the view that the sum of our knowledge can be stated in just nine little words: "There is no such thing as a free lunch."

It would seem that a great many people should be learning the truth of that now. We have been given more and more alleged free lunches, in the form of all manner of welfare schemes and programs. But the bills are beginning to be presented to us, in various forms. For example, the Social Security tax on a worker earning \$6,600 a year or more has just been raised by over \$100 a year, and the employer must contribute a similar sum. For another, the President has asked Congress to repeal certain reductions in federal excise taxes, on universally used commodities and services, that went into effect very recently. For still another, there is a growing feeling that the Administration may be forced to request increases in income and corporation taxes. And for still another, price inflation, which in large part is the result of the government's deficit spending, continues to eat away the dollar's value.

"Free Lunches" turn out to be mighty expensive.

A \$10,000 scholarship fund has been established at the University of Florida in honor of the late Cecil W. Webb, founder and president of the Dixie Lilly Milling Company and a longtime friend of the university.

Assets in the 135 savings and loan associations in Florida now total \$5,807,560,000 which ranks Florida as the sixth largest savings and loan state in the nation.

Something most consumers undoubtedly do not realize is that you can pay less for a quart of milk today than you did in 1950. Actually, the price of milk in South Florida is in many respects a phenomenon. Purchased in its most economical containers, it cost 28 cents per quart in 1950 under the Florida Milk Commission pricing regulation; is only 27 1/4 cents in most stores today without price controls.

The average American ate more meat and poultry than ever before in 1964 — but less food overall, according to a recent U. S. Department of Agriculture newsletter.

The per capita consumption of meat was 155.7 pounds, compared to the previous record of 154.9 pounds set in 1956. Poultry jumped from 37.9 pounds per capita in 1963 to 38.8 pounds.

The Palm Beach County school lunchroom, program, directed by Mrs. Jane Lansing, serves about 40,000 school lunches daily.

Heer's a typical menu of daily amounts of food used; 7,500 pounds of cubed beef sandwich, 3,600 buns, 10,300 pounds of potatoes, 71 bunches of parsley, 1,000 pounds of butter, 150 cases of cherries, 10,900 pounds buttered spinach, 50,000 half-pints of milk.

"I'd wish the government was half as fussy how it spends money as it is about how I spend it."

From Mrs. Grace Underwood, Wall, Kentucky. I remember very much about the early days, especially my childhood. There were eleven of us children, nine boys and two girls.

We lived in a large two-story log house, with porches all around it. It was furnished with homemade furniture, tables, chairs, cupboards, and featherbeds, with shuck ticks and beautiful homemade quilts. I remember the patterns called "Gone With the Wind," "Dove at the Window," "The Star," and many more.

We had geese and geese picking day was a big event for me and my younger brother. We would catch the geese and hold it head securely while mother made it a naked bird.

We had sheep. We would shear the wool and mother would card and spin it into yarn and out of the homespun yarn she would make or knit socks and stockings for the entire family.

For the home, mother made wall-to-wall carpets out of old clothing. So used black walnut hulls, shuck berries and black oak bark to color light materials and make brilliant red, brown and yellow colors to be used in making "bat" and mink designs in weaving scatter, or wall-to-wall carpeting.

In all the clamor over pesticides, we shouldn't overlook other domestic dangers. The Florida Association of Sanitariums reports that "common household products" were most responsible for the 105 fatal poisonings that took place in Florida in a recent year.

The products included internal medications, aspirin, cleaning and polishing agents. "There was also strong evidence," the association said in its January Sanitation publication, "that a large number of Floridians (mostly children) are being poisoned by plants found in and around the home" — plants such as the poinsettia and mistletoe.

As of a recent date, student enrollment in U. S. colleges and universities totaled some 5.5 million, of whom three out of five attended public institutions and the remainder were enrolled in private institutions. All totaled, there were some 2,168 colleges and universities, costing more than \$10 billion a year to staff, maintain and operate. Tax money pays for almost half of this annual cost.

General James F. Collins, president of the American Red Cross, has announced that first aid training hit a new 22-year high mark in 1965. Certificates issued for completion of ARC first aid courses totaled 1,111,230 in the fiscal year which ended last June 30, the largest number since the World War II year of 1942-43. A major area in which the Red Cross greatly expanded its teaching of first aid was in the building trade unions, which are regarded among safety experts to be among the most hazardous fields of work.

According to the American Gas Association, costs of drilling a gas well may run anywhere from \$100,000 to more than \$2 million, depending on depth and the difficulties encountered in drilling. The main cost stems from the fact that only one exploratory well in nine turns out to be a producer, and only in 44 eventually becomes a profitable producer.

Defending Today's Teens

In this day and age of modernized conveniences, teenagers' disrespect for their elders is often the main topic of discussions held by adults and other teens.

A few teenagers, whose parents were brought up under rigid rules and taught the meaning of respect, have also been taught to ALWAYS be courteous, considerate, and most of all, respectful to ALL adults. Some teenagers often find this instilled idea hard to abide when some of today's adults are not worthy of this respect because they do not possess the essential quality of "SELF-RESPECT." How can any person expect those he comes in contact with to respect him, if he does not even respect himself?

Justification for this attitude to disrespect among teens can be simply explained. To begin with, teens today have more pressure placed upon their backs than any other generation of teens has ever had in the past. A few of the demands made upon them include the pressures to get good grades, to hit home runs, to make the winning touchdown, to get into a big-name university or college, or even to do better than their parents did, regardless of the fact that the odds are a great deal tougher now.

Secondly, the examples that are set down for teens to follow are of the "first-class" category. A splendid illustration of this point is parents who claim that they are worried and deeply concerned about their children's future, yet have no time to listen and advise them about their problems of the present. And, some of the dedicated teachers and leaders, who seem to have acquired a "don't-care" attitude, pretend to be enthusiastic and vitally concerned with the teenager's ambition and challenge to succeed and make something of his life, when they honestly couldn't care less! These two points alone are basis enough for teens to disrespect their parents and leaders, who are obviously TOO BUSY to get involved!

The world of today is complicated and confusing even to adults, much less teenagers. This is a vital reason why the average teen wants and needs parents and advisors who are willing to help him lay his foundation for tomorrow, and will lead the way toward worthier tastes, saner attitudes, more gracious manners, and higher intelligence.

"Our youth have love luxury. They have bad manners, contempt for authority, disrespect for their elders. Children nowadays are tyrants." This may sound like a typical complaint about today's teens, but it's actually a quote from the ancient Greek philosopher Socrates!

Have teenagers really changed for the worse compared to young people of past generations, or do they merely have groups of teachers, parents, civic leaders, and others who echo the teen's every fault while completely ignoring teenage accomplishments?

Students Of Week

This week Rampage salutes two active students, Mary Kate Ponder and Johnny Mozingo.

Mary Kate, generally known as Applesed, is 5' 11", has baby blue eyes and blonde hair. He has born 18 years ago in Goldsboro, North Carolina. He is the only child in his family.

One of Johnny's favorite sayings is "Teachers are to be seen and not heard." His pet peeve is Mrs. LaFlam and Journalism. He also believes in the saying, "The who chases women may get caught" but this doesn't stop him. "Applesed" lists his favorite pastime as just plain living, and his favorite record is "It's my life."

Johnny drives a 1967 Chevy but prefers Corvette Stingrays with 327 and four speed.

After graduation he plans to make use of his well-known art ability by becoming a draftsman. Some of Johnny's art work will be seen later this year in the annual.

Mary Kate Ponder, a girl of many talents and many names, (Humphrey and Bulwinkle for instance) received

ed the superlatives of "Best All Around" and "Best Personality" from her Senior class.

Mary Kate is a very active student around BGHS. Besides sparking school spirit all year around in the sports field she is an active participant herself on the tennis team. She is president of Para-Medics Club, Vice-President of the Student Council, and an active member of the Art Club in addition to various committee positions.

Humphrey is 5' 7" with dark blue eyes, brown hair and a rosy smile. Her favorite pastime when she's not busy is Eating and her 37 Chevy is often seen parked at the Polar Bear.

Blue is Mary's favorite color and "gross" is a word you hear her say often. Other favorites are Art I, tennis and the record "My Love."

Her pet peeve is Gary Walker.

After graduation she plans to attend Patricia Stevens Career College for one year and then perhaps enter a nursing school.

Best wishes to both these Seniors.

Contestants Represent Belle Glade At County Speech Contest

The Palm Beach High School Auditorium was the scene of the recent county speech contest in which various Belle Glade students participated.

Placing second in the humorous interpretations was Cynthia Thiebaud. Lamar Groves received honorable mention for his humorous reading.

Others participating in humorous essays were Pat Williams, Cary Wall, and Sara Fernandez. In the dramatic department it was Dee Dee Mikovsky, Karen Harris, Janice White, Scottie Markham, and Tanya Croft. Reading Poetry for the contest were Pat Gilbert, Evelyn Robinson, Mary Kate Ponder, Merry Bean, Pat Crabtree, Nancy Brown, Pat Vaughn, Frau Hubbschmidt, Jerry Foster, The Magnificent Marvelini, Riley Foster, Bobby Kunkel and Edward Golson are in charge of scenery.

The only participant in extemporaneous speaking was Glenn Wolf. Mrs. Lanier reported that all participants were well prepared and that the contest was an extremely good experience for all involved.

The Pep Club met at a regular meeting in the activity room on February 15. The meeting was called to order by Pat Vaughn, president, roll call was taken and posters for future basketball games were assigned.

Since the beginning of the school year, the pep club has led the football and basketball teams in school spirit at the games.

SENIORS PRESENT PLAY

"Boys and Ghoul's" a comedy by David Rogers will be given by the senior class in the High School Gym, March 24 and 25.

A comic modern monster play, "Boys and Ghoul's" is about a group of American teenagers bicycling around Europe. They stay at an old castle with the atmosphere of the "Addams Family" & "Monsters."

Mrs. Joan Lanier is the director and her cast is as follows:

The Count — Gary Walker
Lutha — Dee Dee Mikovsky
Dirga — Cheryl Stone
Granny — Janice White
Moby S — George McDonald

Fritz Wauhsburn — Linda Rockwell
Buddy Ford — Ray Sullivan
Barbara Ames — Libby White

Robert Connors — Karen Harris
Evelyn Robinson — Mary Kate Ponder
Merry Bean — Pat Crabtree
Nancy Brown — Pat Vaughn

Frau Hubbschmidt — Jerry Foster
The Magnificent Marvelini — Riley Foster

Rams Prove To Be Too Tough For Devils; Latour Hits 1000 Mark

The Rams spurred home to victory after Pahokee had taken a one point lead in the fourth quarter of a 77-71 thriller.

With the gym almost packed, Tony Latour scored his 1,000 point and received

a standing ovation for this feat. This is the first time this goal has ever been reached by a Ram's cager.

Carey Jones racked up 24 points, eight of them from the charity line. Latour scored 16 points while Quen Wilson hit the same total.

Mostly on pressure shot during the tight moments of the game.

Bryant Davis tallied in 14 points, while Harry Chaney scored 7. Most in the final period.

This win gives the Rams a 16-6 record and a 8-4 league record which is believed to be one of their best, if not their best record in school history.

The District Basketball Tournament begins tonight at 8:00 P. M. in the Belle Glade gym.

The first play off will be between Okeechobee and Cardinal Newman.

The tournament will then continue Friday night at 7:00 p. m. Martin County and Pahokee will have the first challenge. Later, at 8:00 P. M. Belle Glade will play the winner of Thursday night game between Okeechobee and Cardinal Newman.

The district winner will be determined Saturday night. Game time is 8:00 p. m. The two teams playing will be the winners of Friday night's battles.

All three nites of this tournament will be held in the Belle Glade gym. So you are urged to come and support the Rams to victory in the district tournament.

During this year season, Junior Varsity coach, Rodney Webb led the team to 14 wins and four losses. This year's B- team has shown outstanding sportsmanship. Coach Webb has made the following comments:

Terry Mann, Soph. 22.1
Eddie Prevatt, Soph. 16.3
Henri Rionda, Soph. 14.0
Andy Ballard, Soph. 8.7
Jose Rodriguez, Soph. 6.5
Ernest Sanchez, Fresh. 4.2
Jeff Smith, Soph. 2.1
Alberto Latour, Fresh. 2.0
Mark Whittemore, Soph. 1.9

Tom Altman, Fresh. 1.3
Frankie Rodriguez, Soph. 1.0

Top prospects for varsity next season will be Terry Mann, who besides his scoring is a very good rebounder. Eddie Prevatt, who is leading the team in rebounding and second in scoring is another good prospect for Coach Luke's team next season. Eddie's play has been hampered by a late season injury. Henri Rionda, who came down from the varsity, but will surely go back up is a good rebounder and a fine shooter.

Andy Ballard has helped us tremendously with his shooting and all-around play this season. All of the other sophomores are real fine prospects for next season. I'm sure Coach Luke is counting on them.

Our sweetest victories of the season were the wins over Palm Beach and Clewiston the latter gave us our first loss.

Top prospects for the next season's Junior Varsity squad are Tommy Altman, Alberto Latour, Jose Rodriguez and Ernest Sanchez.

With these boys for next year both the varsity and the junior varsity should have a real fine team.

Everyone should learn to do one thing supremely well because he likes it and one thing supremely well because he detests it.

Rams Overpower Bobcats, 83-71

Last Tuesday the Rams pulled through with another victory over Boca Raton. The game proved to be an exciting one by the points scored by each player.

Quen Wilson held top position by scoring a total of 22 points. Cary Jones followed with 19. Other totals

were: Tony Latour, 17; Bryant Davis, 12; Harry Chaney 8, and Ivan Willis, 4.

This is the second of the last game of the season for the Rams except for the tournaments which will be held on February 24, 25 and 26.

The Rams have done an excellent job in playing this year. Out of 21 games played they have only lost 5. Each member deserves recognition for a "job well done."

Quite a few changes and additions are being made in the high school library. New books are being put on the shelves every few days. About 35 new selections of magazines have begun to arrive. There are also more poetry and prose volumes for the English department.

The library is being expanded into the old Study Hall. Another room and storage shelves were built for the five year's accumulation of magazines and reference materials.

The library now contains about 3,500 volumes.

Contentment is something that depends a little on position and a lot of disposition.

Since student disrespect is one area of weakness here in Belle Glade High, here are a few pointers which should help the situation.

When entering the classroom, one should never refrain from stomping his feet, as this always leaves the teacher in a smiling mood.

A student should always shoot spit wads in class as it keeps the students as well as the teacher in a lively and alert mood.

One should always write on the walls and desks as this gives the bored student something to read.

Every student should talk back to the teacher as this exercises the wit as well as the temper.

All students should leave paper and trash in the desks and on the floor as it enhances the appearance of the classroom.

Even the best students should cheat as often as need be as this not only helps their reputation, but it helps them later on in college.

Mostly on pressure shot during the tight moments of the game.

Bryant Davis tallied in 14 points, while Harry Chaney scored 7. Most in the final period.

This win gives the Rams a 16-6 record and a 8-4 league record which is believed to be one of their best, if not their best record in school history.

The District Basketball Tournament begins tonight at 8:00 P. M. in the Belle Glade gym.

The first play off will be between Okeechobee and Cardinal Newman.

The tournament will then continue Friday night at 7:00 p. m. Martin County and Pahokee will have the first challenge. Later, at 8:00 P. M. Belle Glade will play the winner of Thursday night game between Okeechobee and Cardinal Newman.

The district winner will be determined Saturday night. Game time is 8:00 p. m. The two teams playing will be the winners of Friday night's battles.

All three nites of this tournament will be held in the Belle Glade gym. So you are urged to come and support the Rams to victory in the district tournament.

During this year season, Junior Varsity coach, Rodney Webb led the team to 14 wins and four losses. This year's B- team has shown outstanding sportsmanship. Coach Webb has made the following comments:

Terry Mann, Soph. 22.1
Eddie Prevatt, Soph. 16.3
Henri Rionda, Soph. 14.0
Andy Ballard, Soph. 8.7
Jose Rodriguez, Soph. 6.5
Ernest Sanchez, Fresh. 4.2
Jeff Smith, Soph. 2.1
Alberto Latour, Fresh. 2.0
Mark Whittemore, Soph. 1.9

Tom Altman, Fresh. 1.3
Frankie Rodriguez, Soph. 1.0

Top prospects for varsity next season will be Terry Mann, who besides his scoring is a very good rebounder. Eddie Prevatt, who is leading the team in rebounding and second in scoring is another good prospect for Coach Luke's team next season. Eddie's play has been hampered by a late season injury. Henri Rionda, who came down from the varsity, but will surely go back up is a good rebounder and a fine shooter.

Andy Ballard has helped us tremendously with his shooting and all-around play this season. All of the other sophomores are real fine prospects for next season. I'm sure Coach Luke is counting on them.

Our sweetest victories of the season were the wins over Palm Beach and Clewiston the latter gave us our first loss.

Top prospects for the next season's Junior Varsity squad are Tommy Altman, Alberto Latour, Jose Rodriguez and Ernest Sanchez.

With these boys for next year both the varsity and the junior varsity should have a real fine team.

Everyone should learn to do one thing supremely well because he likes it and one thing supremely well because he detests it.

Every student should always write on the walls and desks as this gives the bored student something to read.

Every student should talk back to the teacher as this exercises the wit as well as the temper.

All students should leave paper and trash in the desks and on the floor as it enhances the appearance of the classroom.

Even the best students should cheat as often as need be as this not only helps their reputation, but it helps them later on in college.

Every student should always write on the walls and desks as this gives the bored student something to read.

Rams Prove To Be Too Tough For Devils; Latour Hits 1000 Mark

The Rams spurred home to victory after Pahokee had taken a one point lead in the fourth quarter of a 77-71 thriller.

With the gym almost packed, Tony Latour scored his 1,000 point and received

a standing ovation for this feat. This is the first time this goal has ever been reached by a Ram's cager.

Carey Jones racked up 24 points, eight of them from the charity line. Latour scored 16 points while Quen Wilson hit the same total.

Mostly on pressure shot during the tight moments of the game.

Bryant Davis tallied in 14 points, while Harry Chaney scored 7. Most in the final period.

This win gives the Rams a 16-6 record and a 8-4 league record which is believed to be one of their best, if not their best record in school history.

Honor Students

We have chosen this week to honor the four students who made the semester honor roll. These young people are all from the Junior High Department of Lake Shore High School. They are:

Otis Green
Ruth Howard
Emma Lattimore
Sharon Butts

Otis Green is a member of the 7th grade class. He was born March 28, 1953 in Belle Glade, Florida. His hobbies are: Sports and reading. His ambition is to become a doctor.

Ruth Howard is a member of the 8th grade class, was born December 27, 1951 in Belle Glade, Florida. Her

hobbies are: Sports and dancing. Her ambition is to become a secretary.

Emma Lattimore is also a member of the 8th grade class. She was born January 17, 1953 in Belle Glade, Florida. Her hobbies are: Reading and sports. Her ambition is to become a Linguist.

Sharon Butts, a member of the Freshman class, was born April 1, 1951 in Belle Glade, Florida. Her hobby is reading. Her ambition is to become a Mathematician. We wish to comment each of the straight "A" honor students. We hope, however, that next semester we shall have more students to honor for their success.

"Channeling The Sophomores"

Well, here we are back on the scene at dear old Lake Shore Jr.-Sr. High again, ready to give you brief glimpses at some of our outstanding students in the sophomore family.

Channel Time 8:00-8:15

All Coordinators

Patrols are in place, ready to assume their respective duties and sophomores are discussing problems and happenings around the campus.

Channel 8:15-8:30

Class And Organization Notes:

FTA Members of the Future Teachers of America raffled off two beautiful boxes of candy, Valentine's Day, February 14, 1966.

Melva Jean Ford and Anthony Quinn were the lucky winners. Wand Worthy, president of the F. T. A. club was also presented an award by the sponsor, Mr. Lennie Cain for having sold the highest number of tickets.

Receipts from the candy raffle will be placed in treasure to help defray the expenses of the club.

M. F. T. CLASSES

CONTINUE COOKING

On Friday, February 11, 1966, Mrs. Inez Mack's sixth period Modern Family Living Class prepared a luncheon. This being their first luncheon the class decided that they would like to invite guests to come and help enjoy the luncheon.

The guests were Mr. Lawrence and Miss Bankhead. The menu included:

Beef Burgers
Toasted Buns
Lettuce and Tomatoes
Lemonade

Since the Freshman Family Living class is composed of seniors they will be given the benefit of exploring more about what the topic "Modern Family Living" implies.

Prior to the luncheon, the Foods and Nutrition class presented a Type "A" lunch in the cafeteria to the students.

The nutritious, delicious, delectable and delightful lunch inspired the student body for the remaining school day.

The menu included:

Fried Chicken
Spanish Noodles
String Beans
Rice
Milk
Strawberry Shortcake

Good Etiquette

"TABLE MANNERS"

Good table manners are important to each of us and should be executed daily. All of the rules of table etiquette are made to avoid embarrassment to others. A person is said to have good table manners when he or she is able to sit at a formal dinner or lunch and find no difficulty in eating any of the foods considered hard by the less experienced.

Perhaps the most offense at the table is the fashion in which people eat. Although it is not seen at formal affairs, zig zag eating is shown as "The American Way of Eating." Many people hold the knife in their right hand and fork in the left, then cut a piece of meat, but instead of lifting the meat to their mouths with the fork in the left hand, the fork is transferred to the right hand and the meat is speared and carried to the mouth. The fork is zig zagged back into the left hand and another piece of meat is cut. The knife is laid down and the fork is zig zagged to the right hand.

Many people use this procedure because they pretend that the left hand cannot be lifted three or four inches above the table.

Although elbows on the table are constantly seen in the highest fashionable circles, they do not form an attractive dinner-table picture. At a formal dinner, elbows on the table are rarely seen, except at the ends of the table, where one leans forward in order to talk to a companion at a distance across the table.

Elbows are never put on the table while one is eating. Because this does not exhibit good table etiquette.

All of us should try to exhibit good table etiquette at all times. Once you become exposed to the proper eating habits you will find that they are simple to do.

This dear readers is another typical school day for Lake Shore Sophomores. We hope that you have enjoyed these moments with us and we will see you again in the not too distant future.

Your Roving Sophomore Reporter, Maggie Smith, 10-4

and we will see you again in the not too distant future.

BOBCATS DOWNED TIGERS

On Monday night, February 14, the Lake Shore High Bobcats traveled to Stuart to play the Murray High Tigers. The Bobcats downed the Tigers with a score of 63-56 in a non-conference basketball clash.

During half-time the Tigers were leading by 1 point with the scores being 24-23. The high point player for the Bobcats was Ronald Cooke.

Quotable Quotes

"The block of granite which is an obstacle in the path of the weak becomes a stepping stone for the strong."

—Thomas Carlyle

"There is a time when the brave man stands, while the coward stands aside."

—James Russell Lowell

"I like a person who knows his own mind . . . who sees what is to be done . . . and does it."

—William Hazlitt

There is a tide in the affairs of men, which, taken at the flood, leads on to fortune;

Omitted, all the voyage of this life is bound in shallows and in miseries.

"Exploring The Library"

Mary H. Ingram, Miss Ward, Librarian; Patricia Paulk

The library is a very boring place to go if you don't know how to find the books you like to read. As you learn more about the library and how it can help you, it will become less boring. The only way you can learn more about the library is to visit and explore it.

Learning becomes much more fun when you can go to the library and do research by reading books, magazines and newspapers.

The library is here for you, use it, and you will discover things that will cause you to become curious, interested as well as amazed about things you once took for granted.

Are you always satisfied with whatever your teacher tells you? You shouldn't be; do some research of your own.

Go beyond your textbook, explore your library and find new information and take it back to class. By doing this, you will find that class is much more exciting and interesting and it will motivate your classmates.

Do you ever wonder about yourself, your behavior, other people, the stars, the earth, the moon and so many other things? If you do then that is good because it shows that you are curious. To answer some of your questions, go to the library and explore it. The librarians will be more than happy to help you find your information.

Volunteers ... Needed To Visit Cancer Patients

Cancer officials today renewed their appeal to the citizens of Palm Beach County for a special type of volunteer service — that of visiting in the homes of cancer patients.

Dr. T. E. Bendek, president-elect of the county unit of the American Cancer Society said there is an urgent need for retired nurses and lay citizen who are willing to undergo a brief special training so they can effectively assist with a cancer home visit.

"The most horrible thing a relative can experience is to sit at home, often round the clock, and watch a dear one dying from cancer, seldom able to get even a few minutes away," declared Mrs. Goodwin, executive director of the cancer office here.

Dr. Bendek, chairman of the Service Committee of ACS, as well as Mrs. Fran Chapin, a registered nurse, who heads the home visitor program said Mrs. Goodwin expressed the situation accurately, and declared, "the need is so much more

Library Board Rummage Sale A Success

A rummage sale conducted by members of the Belle Glade Library Board, on February 12, raised a total of \$242.85 for the benefit of the Belle Glade Library. Board members had been working since November, contacting prospective donors, and collecting clothing and household articles for the fund raising event. Good weather, and the cooperation of many friends of the Library, helped to make the sale a success, according to Mrs. Joseph R. Orsenigo, Library Board Chairman.

There are more than 55 varieties of palm trees among Florida's Cypress Gardens' collection of some two dozen types of trees.

urgent and serious than scarcely anyone realizes." Any citizen who might in any way be interested is urged to telephone the cancer office, 833-4611, or call in personally at 3600 S. Dixie, for information as to how they may assist in this program.

By mid-afternoon, on February 12, Library Board members were busily congratulating themselves on the day's successful rummage sale.

A vote of thanks goes from them to the many people who contributed enough good clothing, and household articles, to raise \$242.85. A special nod goes to the group from Community Methodist Church who donated what was left from their sale, the previous Saturday, to Mrs. Frank Dooley, who helped sell, and Mrs. Pete LaChan-

ce for her advice. Marked improvement in the weather, from one Saturday to the next, helped to make the sale a success.

Merit badges should also go to the men who helped with this traditionally "woman's business." Board Member Curtis Thompson, Jr., Homer Hand, and Dr. Joseph Orsenigo, who helped on the site, and Theron Caselman and Dick Shoemaker, who assisted in loading and unloading sale items.

THE LIFE OF DYLAN THOMAS, Fingibon. A full-scale biography of this poet, who crowded a great deal of life into thirty nine years, has been lack-

ing, until the appearance of this one. The story begins in Wales, with his childhood, and continues until he has constructed a legend which will survive his death.

Louis Untermeyer calls it "... THE definitive biography of Dylan Thomas, the unhappy genius, the man, his problems and his poetry."

THERE GOES WHAT'S HER NAME, THE CONTINUING SAGA OF VIRGINIA GRAHAM. Television's popular mistress of ceremonies tells her story, of how she won back her life, and went to heights of success as Woman of the Year, and International Woman of the Year. She built "Girl Talk" into the show that has been called "the most catalytic format ad-

ressed to the intelligent thinking woman."

A HOUSE OF MANY ROOMS, Hunter. A family memoir, this book turns back the clock to another time, to rural America and a Mormon family at the turn of the century.

The events and anecdote recorded, and the affectionate way in which they are presented, have placed it on the list of recommended books.

LET ME COUNT THE WAYS, De Vries A Polish-American piano mover, and his educated son take turn-about in narrating this comedy.

Table Settings Demonstrated At Club Meeting

The Chosen Garden Club was host to visitors from Clewiston, Pahokee, South Bay and the members of the two local garden clubs at a meeting at the civic center, where Mrs. James Kerwin was guest speaker.

Mrs. Irvin Zumph, president of the host club, introduced the speaker who demonstrated a complete place setting with floral arrangement.

Mrs. Kerwin an accredited flower show judge, is vice-chairman of the National Corsage Club, past director of District 10 and past president of the West Palm Beach Garden Club. More than 50 enjoyed the program.

Hostesses were Mrs. J. A. Ponder, Mrs. Fred White and Mrs. George Hudspeth.

Why the Monitor recommends you read your local newspaper

Your local newspaper is a wide-range newspaper with many features. Its emphasis is on local news. It also reports the major national and international news.

THE MONITOR COMPLEMENTS YOUR LOCAL PAPER We specialize in analyzing and interpreting the important national and international news. Our intention is to bring the news into sharper focus. The Monitor has a world-wide staff of correspondents — some of them rank among the world's finest. And the Monitor's incisive, provocative editorials are followed just as closely by the men on Capitol Hill as they are by the intelligent, concerned adult on Main Street.

WHY YOU SHOULD TRY THE MONITOR You probably know the Monitor's professional reputation as one of the world's finest newspapers. Try the Monitor, see how it will take you above the average newspaper reader. Just fill out the coupon below.

Kill this peltitory weed in sugar cane. Use Atrazine. Here's how:

When you see peltitory weed starting to grow, apply Atrazine 80W herbicide, plus a little surfactant. You'll clean out infestations of this winter annual fast and effectively ... without hurting cane.

Atrazine is safe to sugar cane. It will not injure your crop when you apply it as directed on the label. And since it's non-volatile, there's no danger of drift to adjacent, sensitive crops.

Even though Atrazine has proved to control peltitory at any stage of growth, early treatment assures best results. With peltitory under control early, you grow more sugar cane per acre.

peltitory from interfering with sugar cane tillering. Also, Atrazine helps make soil moisture and nutrients available to your cane, and not for peltitory weed.

So plan now to grow the maximum tonnage of sugar cane from each acre you plant this season. Just use Atrazine to control peltitory weed this winter.
